NEW SERIES.

SEDALIA, MISSOURI, MONDAY MAY 29, 1893.

PRICE, FIVE CENTS.

## A MATCH IS CERTAIN

HARRISON AND YOUNG ARE TO MEET HERE.

J. H. CHANEY AFTER THEM.

It Will Take Place Under the Auspices of the Sedalia Athletic Club.

It begins to look as if Sedalia would have another wrestling match in the near future, the contestants to be semi-professionals, in the persons of C. E. Young, of the state university, Columbia, and E. N. Harrison, of Marmaduke Military academy, Sweet Springs.

Mr. J. H. Chaney, corresponding secretary of the Sedalia Athletic club, is in receipt of the following letter from Mr. Young:

"I will meet Harrison June 3d, at your club, on conditions I have already presented him twice, but have received no satisfaction from him yet.

"The conditions are: Three of five falls to win match; referee to be a person not connected with either of our schools; catch-as-catch-can style; club to defray all expenses, and trophy to be valued at \$50.

"I have written Harrison and McFadden twice, but have been unable to get any conditions from them whatever. Will not write them any more; they know my conditions, so if you and I make the match I suppose it will be all right.

"Will expect two round-trip tickets from Columbia for myself and second by June 1st.

"Will not accept your proposition as to value of trophy. I think there should be some limit to value of same. You certainly know what kind of a house you can get at such a contest. As your conditions are, we have no inducement to bring the match to your town.

"If you can't meet these conditions let me know what you can do immediately.

"Respectfully,  
C. E. YOUNG."

On receipt of the above, Mr. Chaney addressed a letter to Harrison at Sweet Springs, interrogating him as to whether he was desirous of a match with Young, and to-day the following reply was received:

"Young's terms are satisfactory to me. Any arrangements you may make with him will suit me, as I want to meet him.

"As far as the value of the trophy is concerned, I think you could easily comply with his terms, as there would be large crowds present from both here and Columbia. Young wants a nice trophy, for he is confident of winning, but we'll know about that later.

"Yours,  
E. N. HARRISON."

Secretary Chaney was seen by a DEMOCRAT reporter this morning and stated that it was almost certain that the match would be made, but possibly not for June 3d. Some other date will be selected, and the wrestle will take place under the auspices of the Athletic club, in Harmony hall.

day night, and the bed they occupied stood near an open window. A few minutes after 12 the night clerk and two other men seated in front of the hotel almost immediately under the open window were horrified at seeing half the body of a man hanging from the second story window.

Before they could collect themselves the body of the sleeping man fell to the hard pavement striking on his head. He was picked up and recognized as Worthington. He was unconscious and only a slight quiver of the body was perceptible. He was taken to his room and a physician called. Blood oozed from his mouth and ears. He remained unconscious until he died at 6 o'clock Sunday morning.

He claimed to have a brother in Omaha. A message from the Ringlings at Kansas City stated that they would send a man to take charge of the body and convey it to his parents.

## HOME FROM EUROPE.

George L. Faulhaber Returned to Sedalia Sunday.

George L. Faulhaber, who left Sedalia March 23d, last, for a trip to Europe, returned yesterday morning, in excellent health, and reports having had a delightful time while absent.

He visited London, Paris, Frankfurt, Brussels, Glasgow and other cities, but at no place did he find the enjoyment that was his when he visited the city where he was born, Darmstadt, Germany, and sat in the identical room where he first saw the light of day. He met many old friends, of course, and says that the German people are prosperous and happy.

The greatest sight to Mr. Faulhaber, however, was the royal procession in London, the like of which he never expects to witness again, as Queen Victoria and the entire royalty were present.

Mr. Faulhaber says he was sick only one day while absent, and he enjoyed himself hugely, but he is glad to be home again.

Saturday night it was awakened from its tranquility by an alarm of fire. The burning was a small frame

building occupied by Christian Habadoz and his wife, aged respectively 75 and 70 years. When an entrance was forced the wife was found upon a bed, her throat cut from ear to ear and the bed on fire. The body was recovered and search made for the husband. The trap door leading to the garret was blocked and entrance was impossible as that part of the building was on fire also. When the roof fell in the charred body of the husband was seen upon the garret floor.

The evidence brought out at the inquest was to the effect that Habagos was very eccentric and peculiar and was subject to fits of insanity. At such times he was a terror to

There has been no part of our business that has caused us more trouble and loss than the vegetable department.

One day we would buy too much and have it to throw away at night, and the next day we would not purchase enough and would disappoint our customers by not being able to supply them.

To overcome this difficulty we have, at a great expense, put in one of Dornell's patent Fruit and Vegetable safes. They are manufactured at St. Paul, Minn., and are the most successful thing of the kind we have ever seen. It is a large safe enclosed on all four sides with glass, thus insuring perfect cleanliness, and an atomizer placed in the top throws a fine spray of water all the time thus keeping the contents fresh and tempting.

It will have to be seen to be appreciated. A cordial invitation is extended to all to call and see it.

For several weeks Mrs. Habagos has been in feeble health and he would not permit any one to see her, not allowing a physician to attend her. He was in one of his spells again Saturday and he was heard to say that upon the death of his wife he would shoot himself. Circumstances point to the conclusion that he cut his wife's throat, set the house on fire and took his own life.

**THE DEMOCRAT,  
Sedalia, Mo.**

Office: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

THE construction of additional sewers is one of the pressing needs in Sedalia.

YESTERDAY was a wide-open day in Chicago, fully 150,000 people attending the World's fair.

THREE eminent divines from abroad occupied pulpits in Sedalia yesterday and instructed their congregations as to the teachings of the Master.

AFTER impressive ceremonies at New Orleans yesterday, the remains of Jefferson Davis were placed on a special train and are now en route to Richmond, Va.

It would be well for the members of the city council to make haste slowly in the matter of purchasing a steam roller, even though a second hand one can be had for \$2700.

SENATOR PEPPER is the latest freak to be mentioned in connection with a presidential nomination in 1895. Next thing, most likely, somebody will be springing Johann Most or Abe Slusky.

THIS thing of a man, company or corporation giving checks without having a dollar on deposit anywhere on God's footstool has caused trouble for more than one person. A word of warning ought to be sufficient.

SEDALIA has several able and eloquent workers in the vineyard of the Lord, and among them Rev. J. S. Myers stands in the front rank, this being the judgment of all who were so fortunate as to hear the memorial sermon delivered by him Sunday morning.

AN ex-councilman of Sedalia does not hesitate to say that the purchase of a steam roller at the present time would be a foolish step. The city has no use for it whatever, he says, and this appears to be the verdict of nearly all who have given the matter the least investigation.

SEDALIANS should turn out in large numbers on the occasion of the laying of the corner stone for George R. Smith college Wednesday afternoon. There promises to be a large number of visitors present also, and the DEMOCRAT desires to assure them in advance of a hearty welcome.

THE entertainment that is to be given at the opera house to-morrow night by Sedalia's Industrial Council is free to all, and the public is cordially invited to be present. The wage-earners of the Prairie Queen have arranged a programme of excellence, and the DEMOCRAT feels warranted in saying that all in attendance will be furnished an evening of enjoyment.

MEMORIAL day will be appropriately observed in Sedalia to-morrow, and the day's exercises will be watched with as much interest by those who wore the gray and lost as they will be by those who wore the blue and upon whose banner victory perched. The war of the rebellion is a thing of the past with Sedalians, we are thankful to say, and to-day they stand as a united people beneath the stars and stripes, thankful to an Allwise Providence for the manifold blessings that He has showered upon them.

SENATOR VEST is quoted in a Washington dispatch as saying that "the administration is proceeding very slowly in the matter of dis-

tributing patronage," and as a result there is a great deal of dissatisfaction among leaders of the party. Continuing, the senator says: "Mr. Cleveland seems to encourage a spirit of leisurely deliberation by his cabinet in making removals and appointments, which is causing much dissatisfaction among even civil service democrats. The ruling of Postmaster General Bissell, that fourth-class postmasters cannot be removed, even after four years' service, without charges being preferred, has not a single friend outside of the pluperfect charmed circle presided over by Theodore Roosevelt. Most friends of the administration severely criticize this ruling and make unfavorable contrast between the milk and water diet of Bissell and the robust democracy of Stevenson, which led to his triumphant nomination for vice president. One democratic senator who has never wavered in his support of Mr. Cleveland told one of the cabinet in strong English that Bissell's mugwump ruling, if persisted in, would result in a house of representatives for the next congress that would not have enough democrats to call the yeas and nays."

### PURGE THE LIST.

If Secretary of the Interior Hoke Smith can purge the pension list of the thousands of names that should rightfully be stricken from it he will be entitled to the everlasting gratitude of the honest people of the United States.

THE DEMOCRAT is not opposed to pensioning the veterans of the war of the rebellion who are entitled to pensions, but it is opposed to a continuation of the policy that prevailed in the pension department while Green B. Raum was at its head, and by which the government was swindled out of millions of dollars annually.

Secretary Smith, we are glad to state, on Saturday last took the initiatory step in the right direction, when he filed what is probably the most important pension decision ever sent from the secretary's office to the commissioner of pensions, and which it is believed will result in a saving of between \$15,000,000 and \$20,000,000 annually to the government. An Associated press dispatch from Washington on the subject is of such general interest that we present it entire, as follows:

"The decision involves the repeal of an order passed by General Raum and approved by Assistant Secretary Bussey and a return to the language of the statute requiring the disability, not of service origin, to be such as to prevent the applicant from earning a support by manual labor. Secretary Hoke Smith has been considering the principles involved in this decision for several weeks, and so important did he deem it that when it was called to his attention from the pension board of appeals, he submitted the question involved to Attorney General Olney and Judge Lochren, the commissioner of pensions, both of whom concurred in the correctness of the decision.

"The decision is in the cases of one Bennett, who sought a pension under the old law alleging that while in the service at Raleigh, N. C., he was prostrated by sunstroke which resulted in partial deafness in both ears. His application was denied, on the ground that while the applicant has slight deafness as alleged it was not of sufficient severity to warrant any rating. The testimony showed that Bennett could hear a watch tick at a distance of half an inch from either ear. Bennett subsequently applied for and received a pension of \$12 a month under the act of June 27, 1890.

"This act allows a pension ranging from \$6 to \$12 per month, to ex-soldiers or sailors suffering from any disability of a permanent character, not the result of their own vicious habits which incapacitates them from the performance of manual labor in such a degree as to render them unable to earn a support. The inability to earn a support is therefore made the basis of the law. During Commissioner Raum's administration an order was issued, known as order 164, which directed that all claims for a pension under the acts of June 27, 1890, should be rated the same as like disabilities of service origin and that all cases showing a pensionable disability which, if of service origin, would be rated at or above \$16 a month, should be rated at \$12 a month. The only requirement to obtain a pension under the law applicable to pensions of service origin is disability by reason of wounds received or dis-

ease contracted while in the service and in line of duty.

"Incapacity to perform manual labor," says the secretary, "which is the foundation to the right to pension under the act of June 27, 1890, fixes an entirely different standard of disability from that just mentioned, contained in the revised statutes, covering injuries of service origin. Disabilities incurred while in actual service and incapacity coming upon applicant long after service ceases are made by the law to stand upon an entirely different footing. Those incurred during service in line of duty are pensionable without regard to capacity to earn a support and are graded without reference to this condition. Disabilities resulting from causes other than of service origin are only pensionable when capacity to labor joins with incapacity to earn a support, and grades of rating are dependent upon these two conditions. When by order No. 164 it was declared that disabilities under the act of June 27, 1890, should be rated as of service origin, the very principle which governed the rating under the act of June 27, 1890, was displaced and a rule applicable to a different act was substituted.

"This illustrates the effect of the department by your bureau, from the terms of the act of 1890: First—The applicant was awarded for 'slight deafness,' not of service origin, \$12. The award was made under the act of 1890, which required the rate for deafness of both ears to be graded from \$6 to \$12. The highest amount (\$12) was only to be allowed in the severest cases of deafness. It was given by your bureau for 'slight deafness' because under an entirely different act applicable to disabilities of service origin alone \$15 was the lowest rating for 'slight deafness.'

"Second—The inability of the applicant to perform manual labor was not taken into consideration. Yet the act of 1890 under which the applicant sought and was allowed a pension, made inability of the applicant to perform manual labor in such a degree as to prevent him from earning a support, the foundation of his claim. It is therefore clear that the rating under the revised statutes for disabilities of service origin was substituted by order No. 164 for the rating provided under the act of 1890. The order having resulted in one error, a second error naturally followed, and the inability of the applicant to perform manual labor was not taken into consideration. In a word, the act of June 27, 1890, was changed and superseded by order No. 164, as construed by your office, and by a practice that neglected to take into consideration the ability of the applicant to perform manual labor."

Three miles east of Houstonia, 2000 cotton-tails with harps of Zion between their teeth were heard far and wide yesterday playing songs in praise of them who do the earth good (that means us).

The birds of the air left their nests and joined the chorus. Foxes left their dens still picking their teeth with the shank bones of spring chickens.

The woodchucks flirted their tails for the best chance, took a fresh chew of slippery elm bark and barked Amen until the earth trembled with delight that everybody had found out that

## THE LONE ROBBER.

DETECTIVES STILL SEARCHING  
FOR HIM.

## HISTORY OF THE SUSPECT.

His Name is S. A. Wilson and He is a  
Jim Crow Telegraph  
Operator.

The DEMOCRAT of Sunday morning gave the latest developments in connection with the late Missouri Pacific express robbery, together with the name of the supposed robber, and the *Globe-Democrat* of today gives the following additional particulars:

Samuel Wilson is the man now being anxiously sought for by an army of detectives. Should he be caught he will be compelled to give an account of his whereabouts on the night of the robbery near Pacific.

It was one lone man who held up and robbed the Pacific express car attached to the west-bound Missouri Pacific train. The description of this lone robber fits that of Wilson, as stated in the *Globe-Democrat*, of yesterday, there was found near the scene of the robbery a valise containing papers, clothes and dynamite. The papers bear the name S. A. Wilson, Illinois. It was a switch engine engineer that made the discovery.

As soon as it became known to the railroad detectives that the valise and papers had Wilson's name on them, they at once set to work to locate a Wilson. He fully answers the description of the lone robber wanted. It is said he was also implicated in the attempt to rob a St. Louis and San Francisco train. This attempt was made near Cheltenham in this city on the night of May 15, 1892.

On that night two men boarded a west-bound Frisco train at some point along the road, and when near Cheltenham the train came to a stop to allow a passenger to get off. This was unusual, as the train never stopped at that point. When the brakeman went out on the platform to see what was the matter he was confronted by two men wearing masks and long rubber coats, who put revolvers to his head and demanded his money. The brakemen retreated and raised an alarm on the train.

Abe Gould, brother of Jay Gould, deceased, was a passenger on the train, and he hurried to the platform, only to retrace his steps by being confronted by two masked men armed with revolvers. The robbers, seeing that their plans were detected, quickly withdrew, but not before they had fired several shots in the direction of the train. The railroad detectives who were put on this case at that time suspected Wilson of knowing something about this attempted hold up, but for some reason unknown he was never found. Nothing more was heard of him until a few days ago, when his name became connected with the Pacific robbery.

By this time there is an army of detectives in the vicinity of his home, which is in Stoutland, Mo., on the Frisco road. His father is a well-to-do and highly respected farmer. Wilson is about 23 years old. About nine years ago, Wilson then a lad of 14 years, was brought by his father to Richland, Mo., which is about eight miles from Stoutland, and taken to a telegraph operator in charge of the Frisco road's business at Richland, and said he wanted Sammy to become an operator, as he did not like farm work.

The operator consented to learn young Sam, and he was to pay \$12 a month for his instructions. Young Wilson remained three months learning telegraphing, and he knew no more when he had finished than when he began. During his stay at Richland he appeared lazy, and would never associate with any one, and seldom conversed to any one. His father came and got him and took him back to Stoutland, at which place he learned to use the ticker, and later he had charge of the Stoutland office.

## WAS IT INCENDIARY?

The Loss Sustained by C. H. Oliver  
This Morning.

The barn of C. H. Oliver, three and one-half miles west of Sedalia, was burned to the ground this morning at 2 o'clock, together with its contents. The fire is believed to have been of incendiary origin and such is most likely the case.

Mr. Oliver lost a large quantity of hay, all of his harness, a couple of saddles and other articles. One

of his horses became frightened at the blaze and ran into a barbed wire fence, and in consequence was quite badly cut.

There was \$300 insurance on the property, but it will not cover the loss by \$50 or \$75.

There was a good attendance of old veterans, and the sermon was one of the ablest and most eloquent ever delivered in Sedalia.

## "Mac" is Prospering.

Owen, late president of the American National bank in that city, have leased the house from Col. E. S. Finch for a period of three years. "Mac's" many Sedalia friends will be glad to know that he is prospering.

## The Boycott Raised.

## Left For London.

### A PERILOUS FEAT

A South Dakota Man Will Attempt to Plant a Flag on the Top of the Devil's Tower.

CHAMBERLAIN, S. D., May 28.—The people of Western South Dakota and Wyoming are greatly interested in the approaching attempt of W. P. Rogers, of Sundance, to plant an American flag on top of Devil's Tower in the Black Hills.

The tower is 1,200 feet high, measures 800 feet in circumference at the base and 350 at the top. It is supposed to have been a chimney to some subterranean fire. It is perfectly round in form, the sides being fluted like a fluted portico column.

The composition is supposed to be molten rock, which was emitted from the flames below, each eruption increasing the height of the chimney until the present height had been attained, when the molten mass ran down the sides, leaving furrows its entire distance.

No one has ever yet stood on the top of the curious tower. It is inaccessible, the sides offering no foothold. Rogers says he will cut footholds as he ascends. Should he be successful he will receive \$200. Scientists say that this tower has not a duplicate in the world.

### BITTEN BY A WOLF.

The Victim Dies in Great Agony of Hydrophobia.

LITTLE ROCK, Ark., May 29.—Particulars of a singular and fatal accident reached here to-day from Walnut Ridge, Ark. Some two weeks ago a farmer named John McAfee, living some miles west of town, while hunting succeeded in capturing a large gray wolf. He put the animal in a cage and undertook to tame it. While feeding it, the animal bit him on the right hand, inflicting a serious wound which was a long

time healing. Directly afterward the wolf showed symptoms of hydrophobia and was killed. Three or four days ago McAfee himself showed symptoms of the same disease. Every known remedy was tried, but without avail. At the sufferer's request he was put in a close room where he died in great agony.

This is the first known instance in the state of a person dying of hydrophobia from the bite of a wolf.

### WILL THERE BE TROUBLE?

Looks Like There Would be Blood Shed at St. Joseph.

ST. JOSEPH, Mo., May 29.—For some time past the farmers living along the banks of Lake Contrary, the pleasure resort of the people of this city, have been complaining of the killing of their stock by reckless hunters.

They could obtain no redress, and Saturday night an armed body of farmers, under cover of darkness, constructed a barbed wire fence across the bayou at the head of the lake, which effectually prevents fishing parties from ascending to the fishing grounds. Then they stationed an armed patrol at the fence and have given it out that they propose by force to prevent people from going on the lake.

The action has incensed the hotel-keepers at the lake, whose source of revenue will be cut off if the fence is maintained, and they propose to tear down the fence. A fight attended by bloodshed is expected.

### He Broke the Record.

DETROIT, Mich., May 29. At Belle Isle park, yesterday, 10,000 people saw F. H. Herrick, of this city, break the record for twenty-five miles on a bike, over a road.

Herrick made the distance in one hour and fourteen minutes. The records made by Rands last year, over the same course, and generally accepted as the record, was 1:15:39.

F. C. Graves claims the record at 1:15:14, made at Buffalo last Decoration day, but there has been some open doubt as to the distance gone over at that time.

# ST. LOUIS CLOTHING COMPANY,

I. FRENSDORF, Manager.

## THE RAILROADS.

The railway surgeons of the United States will hold their annual convention in Omaha this year, commencing Wednesday, the 31st.

President S. H. H. Clark, of the Union Pacific, passed west this morning over the Missouri Pacific, en route from St. Louis to Omaha.

Dr. W. H. Loeb, surgeon, Missouri Pacific railway, St. Louis, will read a paper at the coming annual meeting, on "The nose and throat service of St. Louis Missouri Pacific hospital during 1892."

President Depew is a strong advocate of the paying qualities of fast passenger train service. He fully indorses the views of his competitors, that even if an extra fast train does not pay expenses in cash it will prove profitable as an advertising card.

Traffic Manager Miller, of the Missouri, Kansas and Texas, accompanied Vice President and General Manager Purdy to Chicago to arrange for the time-card of the Missouri, Kansas and Texas fast train between Chicago and Texas, which will be placed in service early in June for the World's fair season.

### Taking a Rest.

Hon. Wells H. Blodgett, of St. Louis, general solicitor for the Wabash railway, passed west on Missouri Pacific train No. 1, Sunday afternoon. He was on his way to Knobnoster, near which place he owns a splendid farm, where he will spend a week's vacation.

### A "Katy" Depot Burned.

The M., K. & T. depot at Osage Mission, south of Parsons, was burned to the ground at 6 o'clock yesterday morning. The express office of the American company was in the same building, and it also sustained considerable loss. In the ticket office, nothing was saved, even all of the tickets being burned.

### Has Become Insane.

Judge Sears, formerly general attorney for the M., K. & T., has been declared insane by the judge of the probate court at Guthrie, Oklahoma. He was at one time a prominent figure in Kansas and is well known in Sedalia.

### A New Depot.

The Missouri Pacific railway company is now erecting in Kansas City a large freight depot at a cost of \$30,000. The building is of

brick. Its length is 257 feet and in width 54 feet. At the north end there will be two stories. The loading and unloading of freight to and from wagons will be carried on on the east side of the building, while cars will be loaded and unloaded within the building, where a platform 234x36 will hold the freight.

### His Brother Dying.

Ed Holland, of the depot baggage force, was called to Kansas City Sunday afternoon to relieve Baggage-master John Sullivan, of the Missouri Pacific main line, who had been called to Concordia, Kas., by a telegram announcing the dangerous illness of a brother.

### Looking After His Mines.

Frank B. Drake, general manager of the Mackinaw route, and formerly superintendent of the Missouri Pacific, passed west Sunday afternoon, en route to Joplin, where he has extensive mining interests, and where he will join Division Superintendent John B. Flanders, also of the Mackinaw route, and formerly of the Missouri Pacific.

### A SAFE BLOWN OPEN.

A bold burglary at Clifton City Saturday Night.

The office of Dr. Culp, at Clifton City, about twenty miles north of Sedalia, on the M., K. & T. railway, was broken into last Saturday night and a safe weighing 1,000 pounds rolled on planks 100 yards, the knobs broken off, powder poured in and the safe blown open.

A \$5 gold pin and a few silver coins, relics, were all the robbers got. No clew.

A burglary and robbery possessed of precisely the same sensational features was committed at Centerville, Johnson county, only a few weeks ago, it will be remembered, of which the DEMOCRAT published an account at the time.

### Bob is Happy.

Hon. R. W. Prigmore was the happiest man in Sedalia Sunday. During the early morning his good wife presented him with a fine daughter, and this was the cause of Robert's happiness.

### Council Meeting To-night.

There will be an adjourned meeting of the council held to-night to consider the bids for the paving of East Third street. Other matters of importance are also expected to come before the council.

## FRANK JAMES' SURRENDER.

Some New Light as to the Negotiations and the Whereabouts of James at the Time.

When Frank James walked into Gov. Crittenden's office and surrendered he was accompanied by the late Maj. John N. Edwards, of Sedalia, says Sunday's *Globe-Democrat*. It was not stated at that time, and has always been counted a great mystery, as to where James was living when he surrendered, and Maj. Edwards was alone credited with having negotiated the surrender. It was allowed to be given out that James had been hiding somewhere in the wilds of Kentucky. This was not the fact, as leaked out yesterday, when Maj. Henry Newman, of Randolph county, discussing the recent train robberies with a group of friends, said: "I shall never forget the evening that I spent sitting right over there under that clock with Frank James by my side and a reward of \$10,000 hanging over his head. Hundreds of people passed us and what a stir would have been created if they had known who the man was who sat there so quietly with me. I had just returned from Nashville, where I had got Frank, and we stopped over night in this hotel, and then went on to Sedalia, where I turned him over to John Edwards, and together they went to the governor."

And at this point Maj. Newman buttoned up right close, and would talk no further about Frank James, except to say that he never would under any circumstances divulge what had been told him by the ex-bandit.

### MR. HEARD SUITS THEM.

Greene County Democrats Are Perfectly Satisfied.

The Boliver *Free Press*, in discussing matters in regard to the Seventh congressional district, says: Our democratic friends in Greene county are simply "hoist by their own petards." They now possess about as much influence in the district conventions as an equal number of Sandwich Islanders, and stand about the same chance of sending a Greene county democrat to congress as they do of electing him president. The good people of Springfield and Greene county should feel grateful towards these statesmen(?) who elevated(?) them to the proud(?) position of tail-enders in the worst gertymandered con-

gressional district in the United States. Poor old Springfield!

Suppose Greene county is at the tail end of this congressional district, says the *Springfield Leader*, what of it? Are we not represented by John T. Heard just as much as Pettis or any other county? The opinion seems to prevail that the Greene county democrats are doing nothing but scheming to elect a citizen of this county to congress from this district. This is not true. Greene county, like Polk or any other county in the district, would feel proud if one of its own citizens represented the district in congress, but where could we find in Greene, Polk, Boone, Howard or any other county a better or more deserving representative than John T. Heard?

This county does not feel that it is without representation or influence in this district. A citizen of Greene county receives as much consideration at the hands of Mr. Heard as a citizen of Pettis. The Greene county democrats are far from being sore heads and would much rather be represented by John T. Heard than William Henry Wade.

### Is Out Again.

Chas. Raffessen, the Second street caterer, who had a painful surgical operation performed upon him several days ago, has about recovered and was able to visit his place of business to-day.

### Will Orate To-morrow.

W. H. Nichols, register clerk at the postoffice, goes to Green Ridge to-morrow, where he will deliver the Memorial day address. That the effort will be an entertaining one as well as instructive, all who are personally acquainted with Mr. Nichols will concede.

### The Tent Meeting.

The protracted meeting which is being held by the Christian church in a large tent pitched on the corner of Sixth and Summit streets is growing in interest. The tent was crowded yesterday afternoon and evening. It is being conducted by Revs. J. C. Howell and J. S. Myers, who are able divines. There will be meetings each evening this week and probably next week.
